

<Marine Organism Rearing Log>

9 AM, October 4, 2022

Weather: Sunny

Water temperature: 19.0°C

Although we have already started live streaming of our rearing tanks, we are now restoring our system due to occasional freeze of updates. We apologize for inconveniences for our viewers.

On the other hand, we worked on improvement of imaging quality today.

We apologize in advance for a halt on distribution due to calibration for a while.
