

<Marine Organism Rearing Log>

9 AM, October 24, 2022

Weather: Cloudy

Water temperature: 18.6°C

We often hear the voices from our viewers that “are flounders supposed to be this yellowish?” Flounders are also called “olive flounder” in English and sometimes turn their body color for protection. The flounders on the photo are the ones from rearing training facility (indigenous flounders).
