

<Marine Organism Rearing Log>

9 AM, December 28, 2022

Weather: Sunny

Water temperature: 17.9°C

【Diary of a flounder】

This year will be over soon.

We will spend New Year's Eve in the tank.

The tank we are in is getting more comfortable every day thanks to the devotion of the caretakers, and spending the holidays eating and sleeping is not that bad.

I hope next year will be a happy year.

Happy New Year to you all!

<Next report will be on January 4, 2023>
