

Visit to the Kashiwazaki-Kariwa Nuclear Power Station by KEIZAI DOYUKAI

March 24, 2025

Tokyo Electric Power Company Holdings, Inc.

On March 22, the members of KEIZAI DOYUKAI (Japan Association of Corporate Executives) visited the Kashiwazaki-Kariwa Nuclear Power Station.

During the visit, they were shown the central control room, the operating floor of Unit 7, and safety measure facilities such as the seawall, etc.

Following the visit, Mr. Niinami, the chairperson of KEIZAI DOYUKAI, commented that, “The measures to prevent all accidents that occurred at the Fukushima Daiichi Nuclear Power Station have been well implemented. I am impressed and deeply respectful of how thoroughly every potential issue and measure has been addressed to deal with the possible accidents.”

TEPCO will continue to maintain/improve the safety and reliability of its power stations and encourage as much of the general public as possible to come and see conditions at the site as Kashiwazaki-Kariwa aims to become a power station that is trusted by society.
