

- ① Reports issued by national authorities
 - Headquarters for Earthquake Research Promotion
 - Central Disaster Prevention Council
 - Coordinating Committee for Earthquake Prediction
 - Japan Nuclear Energy Safety Organization
 - National Institute of Advanced Industrial Science and Technology
 - Japan Coast Guard
 - ...
- ② Technical papers and conference papers
 - Japan Society of Mechanical Engineers
 - Architectural Institute of Japan
 - Seismological Society of Japan
 - Japan Association for Earthquake Engineering
 - Atomic Energy Society of Japan
 - Japanese Society for Active Fault Studies
 - The Sedimentological Society of Japan
 - Science Council of Japan
 - Japan Association for Quaternary Research
 - Oceanographic Society of Japan
 - The Japan Society of Naval Architects and Ocean Engineers
 - Japan Society for Natural Disaster Science
 - The Japan Society for Computational Engineering and Science
 - The Japanese Society for Multiphase Flow
 - Japan Landslide Society
 - Japan Society of Engineering Geology
 - Japanese Geotechnical Society
 - Japan Society of Civil Engineers
 - Japan Concrete Institute
 - Japan Geoscience Union
 - The Society of Historical Earthquake Studies
 - Seismological Society of America
 - The Japan Nuclear Technology Institute
 - Japan Electric Association
 - ...
- ③ Printed publications
 - Bulletin of the Earthquake Research Institute
 - Monthly Earth (“Gekkan Tikyū in Japanese”)
 - Science (“Kagaku” in Japanese)
- ④ Overseas information

- IAEA
- NRC
- ASME
- KTA
- RFS
- SAP
- Soil Dynamics and Earthquake Engineering
- Journal of Seismology
- AGU(American Geophysical Union)
- SSA(Seismological Society of America)
- USGS(United States Geological Survey)
- The Geological Society, UK
- IUGG(International Union of Geodesy and Geophysics)
- ...
- ⑤ Others
- Central Research Institute of Electric Power Industry
