

Cooperation with The Japan Atomic Power Company for decommissioning business

-Appointment of Senior Vice President-

May 27, 2015

Tokyo Electric Power Company

TEPCO announced today that it will invite Mr. Yoshikazu Murabe (managing executive officer of The Japan Atomic power Company (JAPC)), as Senior Vice President of Fukushima Daiichi Decontamination & Decommissioning Engineering Company on June 30, 2015.

The purpose of the invitation is to strengthen the cooperation between TEPCO and JAPC in line with “Cooperation agreement for Fukushima Daiichi Nuclear Power Station decommissioning business” reached in March.
